### INDEPENDENT AUDITOR'S REPORT

Honorable Township Board Township of Ewing Marquette County, Michigan

I have audited the accompanying general purpose financial statements of the Township of Ewing, Michigan as of and for the year ended March 31, 2005, as listed in the table of contents. These general purpose financial statements are the responsibility of the Township's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, <u>Government Auditing Standards</u>, issued by the Comptroller General. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As described in Note 1, the Township of Ewing prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Michigan, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, except for the omission of government-wide financial statements, the accompanying financial statements present fairly the fund balances of the various funds of the Township of Ewing at March 31, 2005, arising from cash transactions, and their cash receipts and disbursements for the year then ended, on a basis of accounting described in Note 1, in conformity with accounting principles generally accepted in the United States of America.

EWING TOWNSHIP BOARD
Independent Auditor's Report (Continued)

Management has not presented government-wide statements to display the financial position and changes in financial position of its governmental activities, business-type activities, and discretely Accounting principles presented component units. accepted in the United States of America require the presentation of government-wide financial statements. The statements of the Township's governmental activities, business-type activities, and reasonably are not units discretely presented component determinable.

The financial statements referred to in the foregoing opinion are identified in the contents of this report. My examination was made primarily for the purpose of rendering an opinion on these basic financial statements, taken as a whole. The supplementary financial data identified in the contents, although not considered necessary for a fair presentation of financial position and results of operations, is presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### NOTE 1 - ACCOUNTING POLICIES

The accounts of the Township have been maintained on the cash basis of accounting which omits substantially all accounts receivable, accounts payable and accrued income and expenses. The cash basis of accounting is not in accordance with generally accepted accounting principles.

#### Fund Accounting

The financial activities of the Township are recorded in separate funds and account groups, categorized and described as follows:

<u>General Fund</u> - This fund is the general operating fund of the Township. It is used to account for all financial resources except those to be accounted for in another fund.

<u>Special Revenue Funds</u> - These funds are used to account for specific governmental revenues requiring separate accounting because of legal or regulatory provisions or administrative action.

<u>General Fixed Assets Account Group</u> - This account group presents the fixed assets of the local unit utilized in its general operations.

### Trust and Agency Funds

Trust and Agency Funds are used to account for assets held by the Township in a trustee capacity as an agent for other funds and governments. Agency funds are custodial in nature and do not involve measurements of results and operations.

#### NOTE 2 - DESCRIPTION OF REPORTING ENTITY

This report includes all the funds and account groups of the Township. It includes all activities considered by the U.S. Bureau of Census to be part of the Township.

The Mid-Peninsula Area Schools is an independent district and not part to the Township of Ewing. Financial data for it are not included in the financial statements of this report.

However, audited financial statements for the School District are available upon request from their business office. The Township provided full range of municipal services contemplated by statute or character. This includes public safety, roads, sanitation, health, recreation, planning and zoning and general administrative services.

### Note 3 - STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS - BUDGET AND ACTUAL - GENERAL FUND

The above supplemental statement is not required in these statements because the combined statements on page 7 is detailed to the required revenue and activity level as shown in the <u>Uniform Accounting Procedures Manual for Local Units of Government in Michigan</u>.

### NOTE 4 - CHANGES IN GENERAL FIXED ASSETS

Fixed assets used in governmental fund type operations are accounting for in the General Fixed Assets Group of Accounts, rather than in governmental funds. No depreciation has been provided on such assets.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their estimated fair value on the date donated. Repairs and maintenance are recorded as expenditures; renewals and betterments are capitalized.

A summary of changes in general fixed assets follows:

	Balance April 1, 2004		Additions		etions	Balance March 31, 2005		
Land & Building	\$ 95 835	\$	249	\$		\$	96 084	
	\$ 95 835		249	\$	_	\$	96 084	

#### NOTE 5 - PROPERTY TAX LEVY

The Township levies taxes on a general township law basis. The taxes included in these financial statements are the 2004

levy and are billed on a twice per year basis. See schedules on page 15 for levy breakdown and millage rates. All unpaid taxes become delinquent March 1 of the following year. The Township bills and collects its own property taxes. Township property tax revenues are recognized when collected on the cash basis. All real property taxes are turned over to the County when delinquent and personal property taxes are collected and distributed by the Township. The County uses a revolving tax fund and reimburses the Township yearly for any delinquent real property taxes.

A statewide referendum commonly known as Proposal A, took effect in 1994. Under this law, a new term, "Taxable Value", has been created. Proposal A limits annual increases in taxable value of property to the lesser of 5% or the rate of inflation. Initial taxable values, for 1994, were equal to state equalized values in that year.

An exception to the maximum increase is new construction, which is taxes at its assessed value for the year of construction, and is then subject to the limitations on subsequent years. A property's taxable value will be adjusted up to reflect 50% of the sale price in the year of sale.

### NOTE 6 - CASH AND INTEREST-BEARING DEPOSITS

Deposits are carried at cost. Deposits of the Township are in one bank in the name of Ewing Township Treasurer. Michigan Section 124.91 authorized the Laws, Treasurer to deposit and invest in the accounts of federally unions, and savings banks, credit insured associations; bonds, securities, and direct obligations of the United States, including securities issued or guaranteed by the Government National Mortgage Association; United States obligation repurchase government orFederal agency agreement; banker's acceptance of the United States banks; mutual funds composed of investment vehicles which are legal for direct investment by local units of government Michigan; and commercial paper rates by two standard rating agencies within 270 days after the date of purchase, and which involves no more than 50 percent of any one fund. law prohibits security in the form of collateral, surety bonds, or other forms for the deposit of public money. Attorney General's Opinion No. 6168 states that public funds

may not be deposited in financial institutions located in states other than Michigan. The Township's deposits are in accordance with statutory authority.

Governmental Accounting Standards Board (GASB) Statement 3 risk disclosure for the Township's cash deposits are as follows:

<u>Deposits</u>	<u>Carrying Amour</u>	<u>1t</u>
Noninsured Insured (FDIC)	\$ 3 54 100 00	
TOTAL DEPOSITS	\$ 103 54	41

### NOTE 7 - BUDGED AND BUDGETARY ACCOUNTING

As set forth in the Township Charter, the Township adopts an annual budget for the General Fund and Road Fund. The annual budgets are prepared in accordance with the basis of accounting utilized by those funds (cash basis). The Township board is authorized to transfer budgeted amounts within and among departments. Subsequent to year-end, the board adopts an amended budget approving any transfers among departments or additional expenditures. For the current fiscal year the budgeted expenditures for the General Fund were not changed in total. The amended budgets are presented on page 7. All appropriations lapse at fiscal year-end.

### NOTE 8 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### NOTE 9 - RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of; damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Township purchases insurance coverage through a carrier. This plan purchases reinsurance for all risks. The Township's expense is to pay only the annual premium.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH "GOVERNMENT AUDITING STANDARDS"

Ewing Township Board Ewing Township Marquette County, MI

I have audited the general purpose financial statements of Ewing Township as of and for the year ended March 31, 2005, and have issued my report thereon dated July 22, 2005. I conducted my audit in accordance with auditing standards accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether Ewing Township's general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

#### Internal Control Over Financial Reporting

In planning and performing my audit I considered Ewing Township's internal control over financial reporting in order to determine my audit procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matter in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a

-16-

### July 22, 2005

relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, others within the organization, Township Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
